CASH MUSICS TORE.—

WILLIAM HALL & SON.

No. 270 Broadway, (poposite the Park.)

Have decided to reduce the crice of their entire Catalogue and Stock of Non-Copyright Music to an average of one half the former prices. Is order to afford this reduction, we are obliged to acopt the Cash System; and we believe that our friends and the public generally, will be even better served than herefore by a strict adherence to this principle. In regulating our prices, we have adopted our National Currency, and have, as far as possible, made the price in decimals.

The price will be marked on every piece of Music. The Non Copyright has—"Copyright,—cents" All the Non-Copyright Music princed previous to this arrangements will be sold at one half the old price.

A similar reduction will be made on Instruction Books, As. Since the study of Music has become an essential branch of education, a reduction in the price of Sheet Music has been demanded by the public, and we have no doubt that the plan we have adopted will increase our sales sufficient to warrant or carrying out our enterprise to its fullest extent.

Our Catalogue already contains the works of the best European Authors, and we will continue to reprint such as may hereafter be published—all of which will be sold at less than one-half the prices of the foreign copies.

We will continue the mann'accure of Plano-Fortes, Guitars Flutes, &, &c., and slote temporation of every article of Musical merchandlee, and will continue to reprint such as may hereafter be published—all of which will be sold at less than one-half the prices of the foreign copies.
